

Study locations in African climate context

Köppen–Geiger climate classification and participant distribution

Köppen–Geiger Climate

- | | |
|---------------------------|----------------------------------|
| Af – Tropical rainforest | Cfa – Humid subtropical |
| Am – Tropical monsoon | Cfb – Oceanic |
| As – Tropical dry savanna | Csa – Mediterranean hot summer |
| Aw – Tropical wet savanna | Csb – Mediterranean warm summer |
| BSh/BSk – NA | Cwa – Humid subtropical |
| BSk – Cold semi-arid | Cwb – Subtropical highland |
| BWh – Hot desert | Dfb – Continental warm summer |
| BWk – Cold desert | Dsa – Continental hot dry summer |
